

Subject line: Business NOT as Usual...Resources That Can Help

Amidst the current COVID-19 pandemic, countless communities across the globe have been impacted. We know our counties (cities, public agencies) are working tirelessly to address their community needs but are hindered by their availability to procure the necessary products and services. All businesses have been impacted by capacity, productivity, supply chain output and more.

As your partner in this, we would like to remind you that OMNIA Partners has hundreds of existing cooperative contracts that counties (cities, public agencies) can purchase from immediately. OMNIA Partners has assembled a task force to address the evolving needs during this time. This task force is working with the executive teams of their supplier partners to assist in the deployment of their COVID-19 plans and, when possible, to prioritize healthcare and government agencies for fulfillment.

OMNIA Partners' goal, first and foremost, is to connect public agencies with their community of supplier partners that can help with the most immediate needs for your county (city, agency). For immediate assistance, please visit their [COVID-19 resources page](#).

We understand the unique set of challenges we are all facing due to this risk and will continue to notify our members of resources that can support you during this time.
