Coronavirus Aid, Relief, and Economic Security Act (CARES)

Following extensive negotiations between the Trump Administration and Congressional Leaders, President Trump signed the *Coronavirus Aid, Relief, and Economic Security Act (CARES)*. The \$2.2 trillion economic relief package provides American families, healthcare workers, and small businesses with the economic support they need to get through this challenging time. This aid comes on top of the Family First Coronavirus Aid Package, enacted last month. State/Local/Tribal provisions include:

- \$150 billion in direct aid to State, Tribal, and local governments. Aid will be allocated primarily by a State's population with each State receiving at least \$1.25 billion.
- \$340 billion in additional emergency supplemental funding to combat the coronavirus outbreak.
- \$500 billion for loans and guarantees that authorize the U.S. Treasury to support eligible businesses and States and local governments to cover losses incurred as a result of COVID-19.
- \$100 billion for hospitals and health care facilities to reimburse expenses or lost revenues not otherwise reimbursed that are directly attributable to COVID-19.
- **[\\$3.5 billion](#)** to allow States to expand childcare benefits for healthcare workers, first responders, and others on the frontlines of this crisis.
