300+ Boat Ramps throughout the State of Florida

Florida Boating Improvement Program (FBIP)

Provides funding through competitive grants for boating access projects and other boating-related activities benefitting motorized vessels in Florida. Eligible program participants include county governments, municipalities and other governmental entities of the state of Florida.

Eligible uses of program funds include:

- Boat ramps; lifts and hoists; marine railways; and other public launching facilities
- Piers, docks and other mooring facilities
- Recreational channel marking and other uniform waterway markers
- Derelict vessel removal
- Boating education
- Economic development initiatives that promote boating
- Other local boating-related activities that enhance boating access for recreational boaters

Boating Infrastructure Grant Program (BIGP)

- The Boating Infrastructure Grant Program (BIGP) provides funding through competitive grants for tie-up facilities for transient recreational boats 26 feet or longer (non-trailerable)

- In order to operate a motorboat of ten (10) horsepower or greater, Florida law requires anyone who was born on or after Jan. 1, 1988 to successfully complete an approved boating safety course and obtain a Boating Safety Education Identification Card issued by the FWC.
- Florida does not have a "boating license." The Boating Safety Education Identification Card is proof of successful completion of the educational requirements and is valid for life.

Kids Don't FLOAT!

Wewa Gator Says...

Safety starts with your Life Jacket!

Always wear in a boat, on a dock, and near water!

Fit properly always, and fasten all buckles!

Enjoy, but never swim alone! Always have adult supervision!

Supplies Donated by:
MILLER & Wewa SEARCH
HEATING & AIR CONDITIONING & RESCUE
