

Innovative & Proven, First & Last  
Mile Transportation Solution

2023

# INTRODUCTION TO FREEBEE

- Freebee is the future of public mobility, physically moving people through FREE, on-demand, door-to-door electric transportation.
- Freebee provides first and last mile connectivity that helps get cars off the road and makes communities a place where you can live, work and play without the need of a personal vehicle.
- Freebee is not just a transit solution, but also an economic development tool designed to physically drive traffic to local business and promote the community.
- Our service is fully customizable, aimed at meeting the goals and objectives that municipalities are looking to achieve. Every area has a totally different look and feel, and we are able to adapt our program in order to meet those needs.
- And the best part about our service is that we are 100% electric!

# PROGRAM

## BENEFITS

- Transforms communities into a place where you can live work and play without the need of a personal vehicle.
- Greater frequency and better reliability
- Minimize single-occupancy vehicles within communities
- Takes cars off the road.
- Reduces traffic congestion and helps free up limited parking availability.
- Feeder system to/from mass transit

### Community Ambassadors:

- Freebee drivers serve as ambassadors and mobile concierges for the Downtown Miami.

### Economic Development:

- Freebee's door-to-door service physically 'drives' customers to the front steps of local businesses.

### Sustainability:

- 100% battery-powered vehicles promoting clean energy and reducing carbon emissions.

# WHO RIDES FREEBEE

Everyone rides Freebee

Freebee is the most equitable transportation platform available. Our solution has proven to benefit communities of all socio-economic statuses and we are committed to promoting unity and integrity amongst all community members, through equitable transportation and consistent quality of service.
