WELCOME

LETTER FROM THE MAYOR

Welcome!

It is my sincere pleasure to welcome you to Orange County for the 2024 Florida Association of Counties Annual Conference. The Orange County Board of County Commissioners and I are honored that you continue to choose our community to host this important annual event.

In my over four decades of public service in Orange County, I have seen firsthand the crucial role that local governments play in supporting their communities and how home rule authority has empowered them to make necessary advancements. The significance of local leadership in addressing the needs of the people we serve has been underscored by weather-related events and social issues, among other pressing concerns.

As Mayor, one of my primary focuses has been fostering regional partnerships. Events like these not only provide the opportunity to collaborate at a regional level but also statewide, amplifying our potential for positive change. I am confident that the efforts throughout this week and at future conferences will bring significant benefits to all Floridians. I look forward to what we can achieve together.

Orange County is proud to be a top destination for 74 million visitors worldwide and home to one of the largest convention centers in the nation, finest hospitality, exciting theme parks, sporting venues, and cultural attractions. During the conference, I hope you set aside some time to explore all that we have to offer. On behalf of the more than 1.5 million people who call Orange County home, thank you for selecting our community as your conference destination.

Once again, welcome, and I hope you have a productive conference!

Sincerely,

Jerry L. Demings

ORANGE COUNTY MAYOR

GENERAL INFORMATION

ATTENDEE REGISTRATION & INFORMATION DESK

Tuesday, June 25	11:00 A – 6:00 P	Bonnet Creek Foyer
Wednesday, June 26	7:00 A – 5:00 P	Bonnet Creek Foyer
Thursday, June 27	7:30 A – 5:00 P	Floridian Foyer

EXHIBIT HALL *Bonnet Creek 1-9*

Florida's counties must constantly find ways to increase efficiencies while saving tax dollars. This year's exhibit hall is set up to help you and your county do just that. More than 100 exhibitors are here to show off the latest technologies and systems to improve the services your county provides while saving money. Make sure to explore, ask questions and build relationships that ensure you take great solutions home.

The Exhibit Hall will be open the following days and times:

Tuesday, June 25	7:00 P – 9:00 P	
Wednesday, June 26	8:00 A – 6:30 P	DEDICATED HOURS 8:00 A TO 11:00 A

BADGES

All conference attendees must wear name badges for admission to all sessions, educational exhibits, meal events and social events.

ATTIRE

Business casual is appropriate for the entirety of the conference.

Achieving Success Together

How to create and sustain a healthy Automated Safety Enforcement Program

Why we are different

We do it all for you – from strategic planning and public education to installation, maintenance and data-driven, post-implementation reports. This unique 360° approach covers every element of your program, without taking up a minute of law enforcement's valuable time. Your deputies or officers can keep policing.

Why Choose Us

Five-Day Speed Studies

We deploy a series of 5-day speed studies during school hours to calculate traffic counts and the number of speeding vehicles. By capturing statistics during each period

In House Expertise

With over 200+ years of combined law enforcement experience, our professional staff is continuing their mission to serve and protect their community.

Personalized Public Information and Education

We offer a comprehensive ongoing public information and data campaign partnership with each jurisdiction.

Our Services

Violation Processing

Our processing center is located in our Tennessee facility.

- License plate returns via NLETS
- Agency approval prior to mailing
- Payment processing
- Citation processing, mailing and tracking.

Project Management

Onsight project and infrastructure management.

- Strategic planning
- Permitting
- Installation and maintenance

Public Information & Education

- Personally crafted press releases
- Custom social media posts
- School flyers
- Assistance with media press conferences
- Representative attendance to answer questions at school and community events.

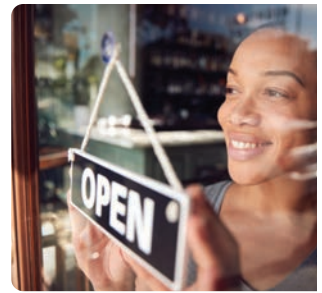

Court Services

Court and hearing assistance with our on-staff court liaison.

Integrating Mobility-Focused Land Use, Zoning Reform, and Housing Policy in Tampa Bay

1:45 P – 3:15 P • Floridian A

As one of the fastest growing areas in the nation, the Tampa Bay region continues to see significant increases in population year after year. Given this explosive growth, planners must consider residents' diverse housing and mobility needs. This session will explore how these needs are being addressed at the local level. This includes research on redevelopment and parking reform for affordable and transit-supportive projects, incentives for diverse housing types and mixed-use centers within unincorporated Hillsborough County, and successful strategies for allowing Accessory Dwelling Units and Missing Middle housing in Pinellas County, including the adoption of zoning reforms in St. Petersburg.

Demystifying AI for County Leaders

1:45 P – 3:15 P • *Floridian B*

In this workshop, attendees will navigate the intricate landscape of artificial intelligence (AI) with clarity and confidence. Through interactive sessions and practical demonstrations, participants will unravel the complexities of AI applications relevant to county governance. Guided by experts, they'll explore how AI can enhance decision-making processes, streamline administrative tasks, and optimize resource allocation within local administrations. By fostering a deeper understanding of AI's potential and implications, this workshop empowers local officials to harness its benefits effectively, ensuring informed and strategic integration into their communities.

Show me the Money: Funding Land Conservation at the Ballot Box

1:45 P – 3:15 P • *Floridian C*

In the face of rapid development and environmental challenges, preserving Florida’s natural beauty and biodiversity requires innovative strategies and collaborative efforts. This workshop will delve into the mechanisms and strategies essential for generating local funding that can support local land conservation projects and other capital needs. Learn firsthand from county representatives and conservation finance experts who have worked to secure funding and implement effective land conservation initiatives, demonstrating tangible results and sharing valuable lessons learned. In the wake of increasing development, this workshop offers invaluable knowledge and resources to generate funding and advance local land conservation. Join us in shaping a sustainable future for generations to come.

The Science of Art: How to Design Political & Issue Advertising that Moves Numbers

3:45 P – 5:15 P • *Floridian A*

What makes a political ad effective? It's more than just finding your audience and delivering a sound message. After reaching someone, it's time to persuade, inform or motivate. And not all advertising is created equal. Increasingly, we can apply science to the art of creating political communications. This presentation and discussion cover the subtle science of advertising design and explore how candidates, campaigns and causes can create better advertising that moves numbers, changes minds and shapes outcomes.

Building Solutions: Empowering Communities through Affordable Housing

3:45 P – 5:15 P • Floridian B

Affordable Housing continues to be a significant challenge affecting individuals and families across our region. We aim to facilitate crucial discussions and collaborations that can drive meaningful change in addressing the affordable housing crisis. This issue not only impacts access to safe and stable housing but also contributes to the ability of individuals and families to work, live, and play within the same community. This workshop will bring solutions for local governments, emphasizing the Live Local initiative, a pressing issue pushed by state leaders over the past few years. Attendees will hear from experts across the affordable housing landscape, who will touch on the supply and demand for affordable housing within your communities and address funding and financial solutions for these projects.

5:30 P – 6:30 P • *Bonnet Creek 1-9*

They always say you should mix business with charity! Come network for a cause in the exhibit hall where more than 20 of our exhibitors have generously donated school supplies for children in Okeechobee County. You know the drill! Bring your family and friends, grab a cocktail and a backpack, fill the backpack with school supplies and stuff the yellow bus in the center of the hall!

At **Florida Power & Light Company** we are **working together with the communities we serve** to make Florida an even better place to raise a family and do business.

ACC Alumni: Strategic Storytelling for Influence and Engagement

8:00 A – 9:30 A • *Floridian A*

Even if you do not consider yourself to be a storyteller, the reality is you are. We cannot live through a single day without sharing stories and being influenced by them: stories motivate us, challenge us to think in new ways, and assist us to recognize the differences as well as similarities we have as human beings. Stories, of course, are also central in advancing your important work in Florida with a variety of stakeholders and constituents. This session will spark a shift in mindset about how this important currency of influence and engagement can be integrated strategically to benefit your work. Additionally, you will learn a process for creating effective stories to reach the many diverse stakeholders you wish to influence and engage.

#FAC2024

WHY

FAC AND FSA WORKING TOGETHER FOR FLORIDA'S COUNTIES

PARTNER

.....
FAC has partnered with the Florida Sheriffs Association to offer cooperative purchasing contracts on a variety of vehicles and equipment.

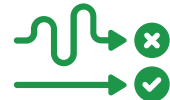

SAVE

.....
Florida counties are committed to saving taxpayer money while delivering the best services to their communities. FAC helps counties do that through programs designed to save counties time and money.

VARIETY

.....
A variety of vehicles and equipment are available to all counties, including heavy equipment (i.e. generators, sweepers, excavators, tractors), pickup trucks, cab & chassis trucks (refuse/dump/sewer vac bodies), trailers, and electric vehicle charging stations.

SIMPLIFY

.....
Simplify your procurement process. The Florida Sheriffs Association has completed the competitive bid process and saved counties time.

To purchase, contact the FSA Cooperative Purchasing Program: (850) 877-2165 or cpp@flsheriffs.org.

masa Access

Protection when they need it most

79% of all ground ambulance could result in an out-of-network bill¹

With MASA, there is no "out-of-network." MASA bridges the uncertainty in medical transport by covering emergency transportation costs - air or ground, nationwide.

#1 employee worry: No cash for medical bills²

The average ground ambulance bill is \$2,008.³ The average deductible for employer-based family coverage in the U.S. is around \$3,800.⁴ MASA removes the financial uncertainty of emergency medical transportation.

Community emergency services systems suffer low reimbursement rates

MASA coverage means emergency services providers can count on reimbursement for members' rides - keeping operations sustainable and revenues dependable.

Add MASA to your employee benefits program today!

Creating Efficient and Sustainable Food Production with Artificial Intelligence

10:00 A – 11:30 A • Floridian A

In this dynamic workshop, Dr. Christa Court and Christian Christensen will showcase the groundbreaking initiatives to revolutionize the UF/IFAS Extension program through strategic implementation of Artificial Intelligence (AI) and Business Intelligence (BI) systems. As the landscape of data and technology rapidly evolves, so must the methods employed by UF/IFAS.

Extension to serve county partners effectively. We explore how UF/IFAS Extension is leveraging a \$2.7 million investment to enhance and expand capabilities in delivering data-driven solutions. Using live demonstrations of AI and BI tools, participants will see firsthand how these technologies can be applied to real-world scenarios, providing practical knowledge to enhance county-level decision-making through a stronger partnership with UF/IFAS Extension.

GLP1s and the ABCs of Weight Loss

10:00 A – 11:30 A • *Floridian C*

Sponsored by

The effectiveness of GLP1s for weight loss has caused a major shift in weight management approaches with significant added costs for plan sponsors. However, GLP1s are only one component of a comprehensive weight management program. This session explores the existing state of scientific evidence supporting a multifaceted approach to weight loss. The information that is provided will empower employers to make sound benefit decisions promoting optimal, cost effective approaches to weight management for employees and their families.

Stormwater Basics for County Officials

1:30 P – 3:00 P • *Floridian A*

Modern stormwater management systems are designed not only to prevent flooding, but also to remove pollutants, protect waterbodies, capture rainfall to replenish groundwater, and prevent damage to property and wildlife. Counties build and maintain a broad range of water conveyances that serve multiple purposes that benefit the community. This workshop is a crash-course for county officials who want a baseline understanding of why stormwater management matters and how these systems work at the local level.

THURSDAY, JUNE 27

Public Camping and Leveraging the Continuum-of-Care for Housing Stability

1:30 P – 3:00 P • *Floridian B*

On a given night in Florida, roughly 13,000 of the state's estimated 30,000 unhoused are also unsheltered, forcing them to reside in cars, parks, sidewalks, and other public spaces. To guide this group back into housing stability, many communities have implemented a "Continuum-of-Care," including temporary shelters and transitional housing, designated public encampments, and holistic resources to provide critical behavioral health and substance use interventions.

Recent legislative shifts have changed how our communities respond to this crisis. HB 1365 from Florida's 2024 session encourages sanctioned and serviced public encampments as an alternative to unregulated public sleeping practices, to supplement finite shelter resources. Meanwhile, the Supreme Court is considering *Johnson v. Grant's Pass*, with major implications for how communities govern unpermitted sleeping. To help make sense of this delicate landscape, join the conversation between state lawmakers, local housing leaders, and public safety experts.

It's Hurricane Season: Is Your County Prepared?

3:30 P – 5:00 P • *Floridian A*

As hurricanes become more frequent and intense, Florida's counties are on the frontline of these devastating storms, creating unique challenges for local officials. Fortunately, Florida has one of the best emergency management systems in the nation. As we begin the 2024 hurricane season, this workshop offers a primer on Florida's emergency management system. By walking through a disaster scenario, we'll explore and discuss the actions local officials can take to ensure they provide an adequate response for their communities.

Don't be a Downer, They're just Out-of-Towners: A Comprehensive Overview of the Landscape of Tourism in the State of Florida

3:30 P – 5:00 P • *Floridian B*

In a state comprising 1,350 miles of coastline and recording just under 130 billion tourist dollars entering the state in 2022, Florida is one of the front runners in the nation for tourism. But we do not see the success evenly distributed across all 67 counties. This workshop will serve as a comprehensive deep dive into emerging issues/trends concerning tourist development and look at methods of best practices to utilize TDT in hopes that all counties can become champions of economic growth through tourism development.

Participants will come away from this workshop with a better understanding of the importance of tourism in the state of Florida by the numbers and learn more on TDT and its restrictive uses. Attendees will gain a better understanding of the importance and concerns about tourism from key stakeholders. As well as walking away with more information on the functionalities of Tourism Development Council and hearing from members of TDCs on their uses and effectiveness.

Closing Breakfast and Annual Business Meeting

8:30 A – 10:00 A • Floridian A-C

Election of 2024-2025 Officers and Board of Directors

One commissioner from each of the even-numbered Florida Senate Districts will be elected for the even-numbered Board seats. These elections are determined through district caucuses at the Annual Business Meeting on Friday, June 28th, from 8:30 am to 10:00 am. The even-numbered district Board members will serve a two-year term, until Annual Conference in 2026. The odd-numbered district Board members elected at Annual Conference in 2023 will serve until Annual Conference 2025.

At the Annual Business Meeting, FAC's general membership will also elect a President-Elect, a 1st Vice President and a 2nd Vice President. The candidates for these offices are commissioners who have met the criteria as defined in the FAC Bylaws.

A voice vote will be taken for the offices of President-Elect and First Vice President:

Commissioner Michelle Lincoln
PRESIDENT-ELECT
Monroe County

Commissioner René Flowers
FIRST VICE PRESIDENT
Pinellas County

A written secret ballot vote will be taken for the office of Second Vice President. The two qualified candidates are:

Commissioner Maria Marino
Palm Beach County

Commissioner John Meeks
Levy County

James Olson Former CIA Chief of Counterintelligence

Leadership in Crisis: Undercover in the CIA

Imagine living a lie for 31 years. That's what James Olson and his wife Meredith did while spying for the CIA. Spying for his country was the furthest thing from his mind when Olson, a farm boy from Iowa, received a mysterious phone call that changed his life forever. In his presentation, Olson takes you inside the real world of being a CIA spy. He describes the rigorous training they receive and the difficult dilemmas that they face in the field on a daily basis. Olson explains how the global war on terror affects everyone and that the country needs to know that the United States will be hit again within its borders. The United States needs spies to protect the country and its vital interests.

James Olson, former CIA Chief of Counterintelligence, will describe his undercover career in the CIA, including how he was recruited, the training he received, the risks he and his wife faced (she was also a CIA operative), and the effect of this undercover lifestyle on their marriage and children. Mr. Olson will also discuss the role of the CIA in the current Global War on Terrorism and other current issues affecting the safety and security of American citizens. Finally, Mr. Olson will take the audience on an actual espionage operation he and his wife carried out in Moscow at the height of the Cold War.

Guide for Weighted Voting

In the event that there is occasion to use the weighed voting system, votes FOR EACH COMMISSIONER are listed below.

The value of each commissioner's vote is computed on the basis of one unit per 10,000 population or fraction thereof according to the most recent University of Florida, Bureau of Economic and Business Research (BEBR) population data.

The OnSyte Distributed Sewer Network

Real-time supervisory control on every unit

Municipal-Grade Wastewater Service with NO PIPES

A universal solution - from replacing septic tanks to servicing new developments -for a cleaner, greener Florida. By providing a virtual connection through the use of wireless data networks, the Distributed Sewer Network functions like a wastewater utility, but without the need for a physical sewer connection to each home.

BENEFITS AND FEATURES:

- Half the cost of traditional septic-to-sewer
- Immediate positive impact on springs and estuaries
- Nutrient reduction to near AWT levels
- Reach remote locations without rebuilding roads and other infrastructure
- Regulatory streamlining - a single DEP permit for hundreds or thousands of units
- Utility scale deployment and operation, continuously monitored and controlled from a single web portal

Real Solutions to Florida Pollution

Everyone's invited to the digital future.

We're helping create a future without a digital divide, where everyone has equal opportunity to succeed. Verizon is focusing on four key areas to increase digital inclusion now and for years to come.

- **Access:** Access to connectivity with sufficient speeds
- **Affordability:** Affordable devices and connectivity that offer quality service without significant restrictions
- **Application:** Using connectivity to transform lives through meaningful services and the skills to use them
- **Advocacy:** Urging policy makers to create new and long-lasting solutions to address the digital divide

SINCE 2004, NACo'S LIVE HEALTHY PRESCRIPTION DISCOUNT PROGRAM HAS SEEN:

**\$700 MILLION SAVED • 50 MILLION PRESCRIPTIONS
FILLED • OVER 1,300 COUNTIES PARTICIPATING**

Behind each of these numbers is a county resident who was helped by the Live Healthy program. Each dollar saved is money in the pocket of a county resident struggling with the high costs of prescription drugs.

Live Healthy

U.S. Counties

Join the Live Healthy program, to save your residents an average of 29%* off retail prescription prices.

Contact NACo to join the program and get free marketing resources to ensure this essential cost-saving program reaches more people in your county.
